Dear Colleague,

Welcome to the Conquer Fear! Tele-Seminar. You are about to embark on a fascinating journey of self-discovery. You will learn how to eliminate hidden fears and self-limiting beliefs to help you break through your comfort zone and achieve what you really want and live a life you love!

What I want you to know more than anything else is this: If you experience fear - you are normal! In all the interviews I did for my book, “Conquer Fear!” I heard story after story about how all people experience fear. The names would change. The circumstances were different. But the stories of fear were the same. All successful people have fear. Fear is human. (In the tele-seminar, you will actually learn when fear can be helpful.)

The difference between a mediocre success and a breakthrough success is your willingness to deal with your hidden fears and learn how to manage them!

The power in this tele-seminar comes from blending the two disciplines of psychology and spirituality. By blending the head and heart aspects of motivation, you will master the strongest combination of handling rejection and conquering your fear… forever!

I congratulate you in taking the first step in exposing, dealing with, and eliminating the fears that hold you back. I look forward to being your coach and helping you create a more outrageous, faith-filled life!

Warmly,

Lisa

Overcome Hidden Fears That Hold You Back

What Keeps You From Living Your Dreams?

Truth: One of the biggest barriers that all people have to overcome is fear.

Fear can be a gift that was instilled in you as a means of protection and a way to bring you closer to God.

Inborn fears:

- Falling
- Loud noises
- Abandonment

Truth: Freedom comes from knowing the difference between reacting instinctively to your fear (out of habit) verses acting with your intellect and walking through your fear.

FEAR OF:

- Change
- Making decisions
- Responsibility
- Commitment
- Rejection
- Conflict
Conquer Fear! Tele-Seminar

Truth: The difference between mediocre success and a breakthrough success is your willingness to face and deal with hidden fear.

What fears hidden or known, are affecting your behavior and keeping you from living your dreams?

3. 

The Two Major Fears:
